Winter Event 2019 - Las Palmas de Gran Canaria

Las Palmas de Gran Canaria

It was founded in 1476 by the Castilian conquerors and conserves part of its historical old town, dating back to the fifteenth century (the districts of Vegueta and Triana). It was the first city that the Kingdom of Castile founded in the Atlantic and its architecture was a precursor for that of the colonies in Latin America. The city of Las Palmas de Gran Canaria has three excellent city beaches, of which Las Canteras is perhaps the most popular.

You should know that our official coin is the Euro (1€ = 1,16\$), and that our measurement system is the decimal metric. Electric devices work on 220volts, and buses are called "guaguas". In winter, our time zone is GMT, and in summer, +1GMT.

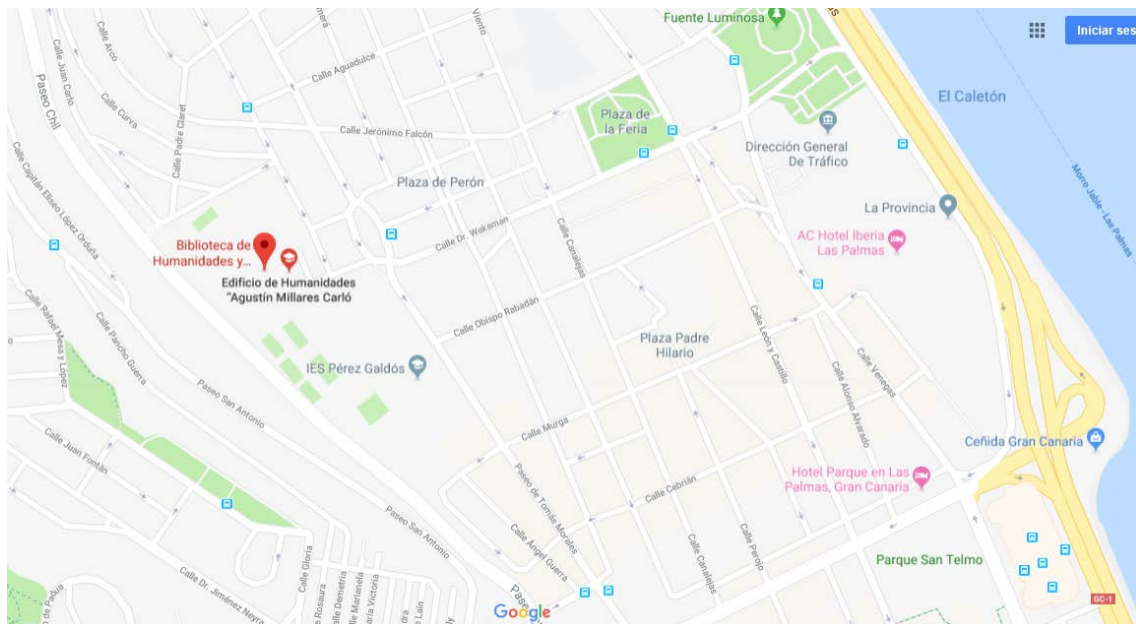

This means a difference of one hour less with the rest of Spain, in summer and in winter.

Most of the traditional shops and shopping centres of the city are open from 10am to 10pm. Supermarkets and hypermarkets open from 9.30am to 9.30pm. In the case of small groceries, it is usual to close between 1.30pm and 4.30pm. Bank closing time is from 8.30am to 2.30pm.
